

Klein ISD has announced closure of all their facilities after school today (Friday) as well as tomorrow morning(Saturday) until 11:00 am in anticipation of severe weather.

The closure affects PACK hosted Fall Champs Meet that was scheduled to start tonight. The pool will not be open tonight or tomorrow morning until 11:00 am. We are working on some changes with the Gulf Technical Planning Committee as to our options with the meet changes in an effort to attempt to still offer all events originally scheduled. Look for announcement later today as soon as we have that worked out with the details.
