## New Meet Directors

Time: 4:00-6:00pm

The Technical Planning Committee invites you to come learn how to be a Meet Director and help support your club and LSC in hosting meets. We will be providing dinner from Jason's Deli. Please make sure you sign-up online to attend at: <https://tinyurl.com/mdclinic>.

Upon completion of the clinic you will receive an email with a copy of the presentation and all handouts along with a link to the online Meet Director's Certification Test.

Once you have passed your test and completed all USA Swimming Non-Athlete Registration, Background Screening, & Athlete Protection Training you will be a Certified Meet Director.

The TPC is here to help you and your club understand the process involved in hosting meets ranging from intrasquad and dual meets up to Gulf Sponsored Championship Meets.
